PROJECT/OPERATION EAGLE DEDICATION CEREMONY AUGUST 9TH, 2013

We did it! You did it! Project Eagle was completed in time for the August Reunion and Dedication Ceremony.

For many months and even just a few weeks before the reunion, it was uncertain whether all the components could be brought together in time. Through the unselfish efforts of many NDQSA members, the extra efforts of the monument and brick contractors, and the various staffs at Ft. Sill, it all came together just in time. Vinny Tedesco cleared the regulatory hurdles, Luke Clark in essence "built the dang thing" and Paul Kopsick kept all the schedules intact though his diligent administration of the brick orders and donations, finances and contractors. Dave and Vickie McCray also came out to oversee the installation of the engraved memorial bricks with barely a week to spare. **Mission Accomplished!**

And you know, the memorial looks exactly like the original rendering made for Luke Clark.

This story was originally published in the September 2013 NDQSA Newsletter and has been reproduced for the Our History section.
